

# 6<sup>th</sup> BIBLE

## Course Description

**Philosophy Statement:** This course is an examination of the Christian worldview. It is crucial students learn how to see the world from the lens of Scripture, which is God's infallible and inerrant revelation made effective by the regenerative and illuminating work of the Holy Spirit in the ordinary context of the Church — or in this case: the School.

**Course Objective:** The objective of this course is for students to understand what a worldview is, why holding to the Christian worldview is crucial for a flourishing life, and what exactly the Christian worldview is. The end result of this course is for students to grasp the Christian worldview — by the grace of God — that they will see the entire world, their own lives, and others around them filtered by the wonderful truths of the Bible and its promises for God's people.

**Biblical Integration:** The Bible presents a worldview — *the* worldview — that all men and women must hold if they are to know and love the truth. As such, its integration is unequivocally necessary for a comprehensive study of the Christian worldview. Without it, the Christian worldview cannot be known.

**Materials:** *Walking in Truth: The Christian Worldview* (2020 Summit Ministries).

**Time Allotment:** Monday (45 minutes), Block Day (90 minutes)

## **Course Content:**

### Week 1

---

#### Unit 1: What is a Worldview?

- I CAN understand and explain the basic contours and notions of the Christian worldview

### Week 2

---

#### Unit 1: What is a Worldview?

- I CAN understand and explain how to use the Christian worldview to love others
